## WORK EXPERIENCE

---

Junior Frontend Developer

AVRORA GROUP MMC

I am front-end developer with hands-on experience. I have experience at HTML, CSS, JavaScript, React JS, Git, and also working with Databases and APIs. I've worked on some projects which I published on my GitHub account. In general, I'm enthusiastic to learn new skills, therefore it will be easy to adopt and learn new technology. I am confident and love my profession.
